CONCERNS:

<< [back to top](#) >>

Kate Moreland: fell off a two-step ladder and fractured her tailbone the day after Christmas. She still has some pain probably another 8 weeks or so doctor said, and she has a follow up appointment with the Dr end of January.

Sue Anne Arthur: was in the hospital 3 days last week with breathing issues and a constant cough. She came home last Tues and is better and getting out some.

David Johnson: Margaret had a 3-day cycle of chemo. 2 chemicals for an hour each. Of course, there were preliminary drugs to prepare her system and minimize side effects, and there was a final clean-up round of saline. She came through all that this past weekend with no issues. She starts radiation Jan 18th- will have another 3-day course of chemo in February. Thanks for your thoughts and prayers!

Susan Johnston: her daughter, Stephanie, is going to have testing for ovarian cancer, and scheduled for surgery Feb 2.

Dave Mather: Had cardiac cath and peripheral vascular study on Dec 20. He will need a stent in several weeks. No date is set yet.

Floy Rorie: Asked for prayers for her brother **Jerry** who is paralyzed and had a seizure recently.
Also, her good friend Debbie's daughter, **Keley** (age 33) was diagnosed with uterine cancer.

Sherry Hartman: Continued prayers for her sister, **Connie** – her foot infection continues to heal, and the hyperbaric treatments have finished now, but the healing is a slow process – She has a cast on her foot to help her get around some. Sherry goes to her sister's house every 4 days to care for her.

Susan Griffith: has shingles and started medication the same day it started. She said that thankfully, it's not very painful but the rash this time is more of an outbreak than she had previously with shingles but is clearing now. Keep her in your prayers.

Janet Bilhartz: prayers for her friend and neighbor Jancie Weikert with colon cancer. Going through a challenging time.

Floy Rorie: Her friend's daughter, Madelyn Bowes, was one of Floy's students. (She had the same type of leukemia their daughter Megan had). But Madelyn had 6 relapses over the years and finally succumbed to the illness and passed away Jan 9. Prayers for her family.

Becky Mather: Prayers for her sister, Sandi. She is continuing with chemo treatments - did well after her last treatment.

Jennie LeClaire: Has been having back pain over the past few months - recently found out its intercostal neuropathy. She is having PT now which is helping, but she still has pain.

Rita Ward: Prayers for her sister, **Myra** who has cancer. Her treatments have been helping her lately.

Betty Estill: continued prayers for her nephew, **Blake** with lymphoma.

Paul Hurd: prayers for his sister, **Jane Hurd**, in Santa Barbara, CA. She has metastatic cancer.
